

QTEC Announces Executive Appointment

Corona, CA – November 1, 2013 – QTEC Solutions Inc., a certified minority owned small business announces that, effective immediately, David Pooler has been promoted to President of QTEC Solutions, Inc.

Prior to his promotion, Mr. Pooler served as QTEC’s Chief Operating Officer.

Mr. Pooler has more than 35 years of executive management experience with General Dynamics and Textron, having served in key supply chain and business development functions. He holds B.S. in Business Administration and Masters of Business Administration degrees from the University of Maine.

Mr. Pooler reports to Malcom Baca, who retains his position as Chief Executive Officer of the company.

About QTEC Solutions

QTEC Solutions is a minority owned business enterprise and global provider of innovative component obsolescence and counterfeit solutions for manufacturers of long life products with significant electronic component content. QTEC’s flagship product, Q-Star, provides a fully integrated, critical information solution that enables manufacturers to predict, view and manage component life cycles by anticipating possible degradations and disruptions to their supply continuity. With Q-STAR’s algorithm based life cycle predictions, collaboration capability, and market leading data accuracy, you gain greater control and management insight for better planning, decision-making and execution across every aspect of the obsolescence process. To learn more about our Q-Star component obsolescence solution contact QTEC Solutions at (951) 270-5357 or sales@qtec.us. 355 E. Rincon Street, Suite 219, Corona, CA 92879. www.qtec.us
