

## **SPAWAR's Charleston, South Carolina Site Selects QTEC's Q-Star Obsolescence Solution**

Corona, CA – June 30, 2012 – QTEC Solutions Inc., a certified minority owned small business enterprise and global provider of innovative software solutions for the control and mitigation of the obsolescence issues, announced today that SPAWAR has selected the company's Q-Star Obsolescence Management solution for use in its Charleston, South Carolina location.

As the Navy's Information Dominance systems command, SPAWAR develops, delivers and sustains communications and information capabilities for warfighters, keeping them connected anytime, anywhere. With a space support activity, two system centers and through partnerships with three program executive offices, SPAWAR provides the hardware and software needed to execute Navy missions. The team consists of more than 9,500 active duty military and civil service professionals located around the world and close to the fleet to keep SPAWAR at the forefront of research, engineering and acquisition to provide and sustain fleet capabilities.

In addition to licensing Q-Star's electronic component data, SPAWAR will also be accessing Q-Star's class leading COTS database. SPAWAR will immediately begin using Q-Star to support its obsolescence management monitoring activities and will access QTEC's web based Q-Star system directly from its Charleston, South Carolina location.

### About QTEC Solutions

QTEC Solutions is a minority owned business enterprise and global provider of innovative component obsolescence and counterfeit solutions for manufacturers of long life products with significant electronic component content. QTEC's flagship product, Q-Star, provides a fully integrated, critical information solution that enables manufacturers to predict, view and manage component life cycles by anticipating possible degradations and disruptions to their supply continuity. With Q-STAR's algorithm based life cycle predictions, collaboration capability, and market leading data accuracy, you gain greater control and management insight for better planning, decision-making and execution across every aspect of the obsolescence process. To learn more about our Q-Star component obsolescence solution contact QTEC Solutions at (951) 270-5357 or [sales@qtec.us](mailto:sales@qtec.us). 355 E. Rincon Street, Suite 219, Corona, CA 92879.
